

## Project Overview

As of July 28, 2011

Current conditions:  
Lane Avenue looking east from Kenny Road

## Lane Avenue Sidewalks

**Description and Benefits:** Project will construct sidewalks on the south side of West Lane Avenue from Kenny Road to Fyffe Road. Lane Avenue will be resurfaced from Kenny to east of Fyffe Road and new *Americans with Disabilities Act*-compliant curb ramps will be installed where necessary. The on-ramp from Lane Avenue to southbound SR 315 will be modified for safer traffic movements. Pavement markings will be modified to add an additional westbound turn lane at Kenny Road and at the southbound on-ramp to SR 315. Exit ramps will be widened to accommodate more traffic flow. Traffic signals will be modified to accommodate the widening. The finished project will provide safer pedestrian and motorist accommodations and improved roadway appearance.

### Schedule:

Design completed in March 2011. Construction began in May 2011, with completion scheduled for August 2011.

### Status:

In construction.

### Costs:

Design	\$170,000
Construction and inspections	\$211,000

### Contact Information:

Project Manager for construction: Joe Warino, P.E., tel. (614) 645-2780

Designer: Jones-Stuckey Ltd., Inc.

Construction Contractor: Complete General, Inc.

For updates and roadway restrictions, visit:

Mayor Michael B. Coleman
